TOO BLESSED TO BE STRESSED

By MARCELLA VONN HARTING

CHOOSE TO FEEL GREAT? PRACTICE GRATITUDE EVERY DAY.

What would life be like if we were to have Thanksgiving more than one day in November? I have learned much about gratitude from studies showing grateful people are healthier and more likely to maintain friendships, and that it is physiologically impossible to be stressed and thankful at the same time. Young Living has created and provided us with a great tool to anchor in the feelings of gratitude with the essential oil **GRATITUDE**. This has become my favorite oil, and I use it by

scenting all material, and letters mailed from my office. I also put the oil on my business cards. Here are some suggestions to get the mind-body-soul benefits of gratitude daily.

GRATITUDE LIST

Write down on paper the things you're thankful for, your spouse, your kids, your friends, your garden, your job, your home, there are so many things . . .the sunshine, the air, the Young Living essential oils and products, Mary and Gary Young, the company and all it's employees who work for you! Ect...ect...

This list gives your attitude and energy a boost.

TALK TO & VISIT

someone you are grateful for. It can be something that happened or someone you encountered that day, or something about life in general. Research by positive psychologist Martin Seligam found

that people who do this are measurably happier even one month after the visit. Call the people in your Young Living organization and let them know how much you appreciate them and their business.

GRATEFUL PEOPLE ARE MORE LIKELY TO MAINTAIN FRIENDSHIPS

It is easy to overlook the little things people do every day. Thank them on a daily basis. Be specific about what each person does that you're grateful for.

I am personally grateful for each and every one of you in my Young Living organization. I give thanks daily for the abundance and heartfelt communications I share with so many of you. My little book **THE HARTING TRAINING SYSTEM** is the gift I give back. Thank you for all you do for me and my family and for just being you.

I love you,
Marcella Vonn

"In our daily lives, we must see that it is not happiness that makes us grateful, but the gratefulness that makes us happy."

—Albert Clarke

It is easy to hate and it is difficult to love. This is how the whole scheme of things works. All good things are difficult to achieve; and bad things are very easy to get.

—Morarji Desai 1896-1918, Indian Statesman, Prime Minister

Understand that you, yourself, are no more than the composite picture of all your thoughts and actions. In your relationships with others, remember the basic and critically important rule: If you want to be loved, be lovable. If you want respect, set a respectable example!

Chronobiotic™ News By G. I. "Atom" Bergstrom

Sub rosa is Latin for "under the rose," which means to keep a SECRET.

The secret of alchemy is the Secret of the Rose and the rose family of plants originating from the true rose (including the AL-MOND).

The Secret of the Rose is its connection with SILENCE, the regenerative delta brain wave state of true healing (one to four cycles per second).

This is known as the Secret of the Golden Rose (silence being golden and speech silver).

Rose oil is best used at Heart Time (11:00 AM-1:00 PM).

Rose flowers are picked before dawn because they lose approximately 30 percent of the essential oil when picked later in the day.

The time of "loss" for a plant is actually the time of nutritional and/or therapeutic bioavailability - the transformation from storage to USAGE..

In an ideal world (ideal and perfect are not synonyms), any food is best harvested one growth cycle ahead of its USE:

(1) something eaten in the morning is best picked the previous evening; (2) something eaten in the afternoon is best picked the same morning; (3) something eaten in the evening is best picked the same afternoon.

Basil oil (oil of *Ocimum basilicum*) is a pale yellow oil commonly used as a respiratory remedy.

Less well known are basil oil's CARDIOTONIC effects.

Basil is a symbol of love because the leaves are heart-shaped (an example of the Law of Signatures, aka Geometric Body Resonance).

Basil is also a symbol of fertility, associated with the Stomach, Small Intestine, Circulation-Sex (Pericardium), and Liver acupuncture meridians.

(Using Acupuncture, the cardiotoxic effects of basil oil affect the Pericardium via the Small Intestine.)

Some people take a drop or two of basil oil in strawberry wine as a heart tonic.

This works best between 11:30 am to 1:00 pm during Heart Time.

Some people take a drop or two of basil oil in olive oil with pine nuts. Sounds like pesto to me.

This works best between 11:30 am to Noon during Transition Time.

(Consult "Yes, No, Maybe" Chronobiotic Nutrition to find out what terms like Heart Time, Transition Time, and Geometric Body Resonance mean.)

In the case of heart health, Transition Time is also Pesto Time.

The HARTING TRAINING SYSTEM

Marcella Vonn Harting has released her latest book entitled *The HARTING TRAINING SYSTEM*. The book is designed to assist people to achieve success as a Young Living distributor.

Synchronistically, achieving success in one area of life often translates into other areas such as relationships, personal fulfillment, and contribution to others.

The *SYSTEM* is a compilation of Marcella's twenty plus years of learning what does produce results. Marcella states in the Introduction, "(the book) is designed to teach you how to be successful even faster than I have been."

The titles of some of the chapters demonstrates the varied focus of materials presented: How to Get Started, Determine Where You Are Right Now, Dreams and Goals, Mastering Decisions, The Driving Force of Human Behavior, Compensation, Leadership and Resources.

An anonymous quote in the book states, "Life isn't about finding yourself, life is about creating yourself." Marcella gives the tools to determine where you are and choose where you desire to go. She presents information on setting a course you create for yourself, how to do it and how to stick with it.

The *SYSTEM* isn't purely "how-to". In a story called "The Price of the Promise" the four "major enemies" are discussed, along with success stories of several who have recognized these "enemies" and persevered.

Choosing to assist her organization in reaching their personal and financial goals, **Marcella Vonn Harting is sending each person who has reached the position of Executive or above in her Young Living organization a copy of her new book, *The HARTING TRAINING SYSTEM*.**

Marcella says, "Building a successful network marketing business is really building relationships."

In addition, in an effort to support and connect with people who choose to embody the principles and disciplines Marcella teaches, she is offering to train distributors in her *SYSTEM*.

Marcella says, "If you have ever asked yourself, 'Can I really do this business?' This is the place to answer the question and now is the time to Step Up into being the person you have always known was there."

With a minimum requirement of 25 people, Marcella will come to your town and present her one-day Leadership Playshop featuring *The HARTING TRAINING SYSTEM*.
